

HunterDouglas Everview External Screen Fabric

Featuring Industrial Edition

Colour Range
22 colours

2.34 metres & 3.2 metres wide

Note: Colours are as accurate as the printing process allows.
Only selective colours are available in these widths please refer to swatching for information.

EVERVIEW

The Everview External Screen Fabric from Hunter Douglas Limited now features the Industrial Edition Colour Palette. All 22 colours are available in both 2.34m and 3.2m widths, allowing for assembly of wider window coverings, with no unsightly fabric joins. These features combined with the versatile 2 x 2 weave construction provides not only strength and stability but the option to railroad the fabric. 10% openness provides excellent visibility ensuring the view is not compromised, whilst eliminating heat and glare.

Technical Data Sheet

Everview	External Screen Fabric
Composition	100% PVC Coated Polyester 2 x 2 Weave Construction
Fabric Thickness	0.85 mm (Approx.)
Colourfastness	6-7 Blue Scale*
Breaking Strength	Warp > 2300N [AS 2001.2.3 -1988] Weft > 1800N [AS 2001.2.3 -1988]
Tearing Strength	Warp > 110N [AS 2001.2.10] Weft > 130N [AS 2001.2.10]
Fabric Weight	575 gsm ± 20 gsm

* We recommend conducting independent manufacturing trials, as equipment may vary between manufacturers.
* Meets Australian Standard AS 2001.4.21

Product Range

Item	Range	Width	Roll Length
44.001.OXX	Everview	2.34m	20 metres
44.002.OXX	Everview	3.2m	20 metres

Product Features & Benefits

Features	Benefits
22 Colours	Utilising a textured colour range including metallic, clear and standard yarns offers users unique and contemporary colour options.
2 x 2 Weave Construction	The symmetrical weave allows fabric to be railroaded, giving the option to have products with a drop of 3 metres and unlimited widths with no unsightly fabric joins.
3.2 Metre Width	As one of the widest external mesh fabrics available, users can have wider width and drop products with no joins.
	Everview External Screen Fabric meets the certification requirements set by GREENGUARD® for low Chemical Emissions.
	Microban® antimicrobial product protection inhibits the growth of bacteria, mould and mildew that can cause stains, odours and product deterioration.
100% PVC Coated Polyester	Provides excellent tensile strength and tear resistant fabric that is easy to clean.
10% Openness Factor	This provides excellent visibility through the fabric during daytime maintaining your exterior view, whilst also offering heat control.
UV Resistant	All colours meet the Australian Standards for colour fastness to resist fading.
	Everview External Screen Fabric is covered by a 5 year warranty*

Care and Cleaning

Hand wash with soft bristle brush or broom using hot water at a temperature of no more than 30° degrees, combined with a gentle mild cleaning detergent. Rinse detergent off well with clean water.
