

> Exterior | External Venetians

Blinds by Peter Meyer sells and recommends the Warema External Venetian Systems. Warema is well known for its high quality and advanced design and is the market leader in this elegant exterior window treatment. Blinds by Peter Meyer specialises in both domestic and commercial applications and can assist you with advice on Warema External Venetians.

Encompassing the latest European style and design, the Warema exterior aluminium venetian offers fantastic sun control as well as winter insulation. This product will dramatically assist you in cooling in summer but also keeping the warmth in during the cold winter months. This said, it will also help reduce your carbon footprint by reducing electricity consumption. Offered in a range of colours to suit all style of homes, the exterior aluminium venetian combines functionality with European style and design.

One of the key benefits of a Warema Aluminium Venetian is that it can stop approximately 80% of the heat before it reaches your window.

Elegant sun & privacy control
