

Sottezza Originale LED

ROUND CONSERVATORY AWNINGS | UNDERMOUNTED

The Sottezza Originale combines classic elegance with advanced functionality, making it a versatile choice for various architectural styles. Its timeless round design enhances the sophistication of any outdoor area, while maintaining compatibility with most patio roof types. Built with an aluminium rope drum for strength and a flat retaining bracket for easy installation and maintenance, the Sottezza Originale ensures long-lasting performance. The integrated LED Spotlights in the cassette not only illuminate the space but also enhance its overall aesthetic.

The Originale features the OptiStretch system to avoid fabric sagging, a trusted rope tensioning system for precise fabric placement, and a new flush front profile to reduce light gaps. These elements work together to offer a refined and durable shading solution that blends seamlessly with traditional outdoor designs.
