

Sottezza Pure LED

CUBIC CONSERVATORY AWNINGS | UNDERMOUNTED

The Sottezza Pure is a state-of-the-art Conservatory Roof Awning designed for modern outdoor spaces. Featuring a sleek cubic design, it seamlessly integrates with nearly all rectangular patio roofs, regardless of the material. Like the Originale, this model boasts an aluminium rope drum for exceptional durability and a custom-designed flat retaining bracket for straightforward installation and maintenance. Enhanced by integrated LED Spotlights within the cassette, the Sottezza Pure adds both aesthetic appeal and functionality to any setting.

Key features include the OptiStretch system to prevent hanging fabric edges, a precise rope tensioning system for accurate fabric positioning, and a new flush front profile to minimise light gaps. These cutting-edge technologies ensure a stylish, reliable, and efficient shading solution.
