

Habitus® Plus | Timber + Poly Venetians

DESIGNER STYLE. QUALITY POLY + TIMBER VENETIANS

Combining on-trend Poly colours with sustainably grown Basswood Timber colours, this light weight range is perfect for a modern interior décor. For a sleek contemporary look, all Timber colours are available in both 50mm and 63mm slat widths. Poly 50mm are available in an array of colours with 63mm reserved for the most popular Poly colours (Alpine White & Warm White). Plus for modern styling, Habitus Timber has an 80mm wide flat fascia and Habitus Poly has an 83mm wide Moulded fascia. Habitat Poly is available in 2700mm and the Habitus Timber can go to 3000mm wide. The 3000mm slat width means even the widest windows can be covered using this natural, lightweight Venetian.

Specifications:
