

Opal II + Opal II LED

FOLDING ARM AWNING | FULL CASSETTE | SHADING LARGE AREAS

Our new Opal Design II cassette awning stands out for its timeless, classic design hand in hand with groundbreaking Weinoor technology. Made to shade large areas, it blends in harmoniously with its surrounding architecture, the attractive shape of the 16cm high cassette adding a sophisticated element. A wide range of tempting and practical optional extras make it easy to operate and wonderfully convenient while also extending its lifetime.

The Opal II and Opal II LED awnings have been carefully designed to provide the highest quality folding arm awning system to shade and extend usage for large patios, outdoor entertainment and dining areas.
