CUSTOM LED LIGHTING + INSTANT WARMTH

LED + LED RGB Strip

## LED Light Bar:

Enhance your patio and extend outdoor living with a Weinor LED Light Bar. Compatible with a Weinor Awning or installed separately, it provides beautiful ambient lighting. Control it via hard-wired switch or remote. With a lifespan of about 30,000 hours, it saves energy and resources.

## LED RGB Strip:

The Weinor RGB LED Light Strip offers versatile alfresco lighting with up to 48 colours and 3 whites. Weatherproof and installable almost anywhere on your patio, it creates striking light effects and moods. Customise your outdoor lighting for different occasions and enjoy a unique outdoor experience.

# Tempura + Tempura Quadra

Weinor's high-tech infrared heaters let you enjoy your outdoor deck or patio for more evening hours and months of the year. With energy-saving technology, they reach full radiant temperature in just 2 seconds, eliminating any wait for warmth.

The award-winning Tempura Quadra features advanced radiation technology, filtering up to 99% of visible light and significantly reducing glare. The heaters can be controlled via a wall switch or controlled and dimmed with a Somfy remote.

5  
Years Warranty

Excellent privacy + wind protection.

LED energy saving technology.

Tempura heating system. Instant heat.
