

Simply Roman

TIMELESS, ELEGANT AND CLASSIC STYLE.

Simply Romans are custom made to the highest quality, and will add classic style and presence to any décor. They offer excellent insulation and small side gaps. When raised, they form their own elegant pelmet and can be supplied with or without timber battens. Available in screen, translucent or blockout, allowing heat, light, and privacy control with a blockout or light filtering effect. They can be used alone or with curtains, or fitted inside or outside the window recess.

We offer an extensive selection of fabric and weave colours & textures, to provide designers, architects and decorators the opportunity to create truly unique window treatments that will enhance any commercial or residential building style. Our quality & attention to detail truly sets our Simply Roman Blinds apart.
